# A Note From Wiscopter

*As the owner-operator of Wiscopter and administrator of the Wisconsin Deer Recovery Drone Operators, I've dedicated myself to blending the boundaries between technology, community service, and the great outdoors. Our mission at Wiscopter isn't just about leveraging advanced drone technology for diverse services; it's about creating a lasting impact on our community, wildlife management, and emergency services.*

*We understand the challenges of maintaining and expanding these vital services, from operational costs to the continuous upgrade of our technology to meet the ever-evolving needs of our missions. This is where your support as a sponsor can make a significant difference. Your sponsorship will not only help us cover these costs but also enable us to reach further, fly higher, and impact more lives.*

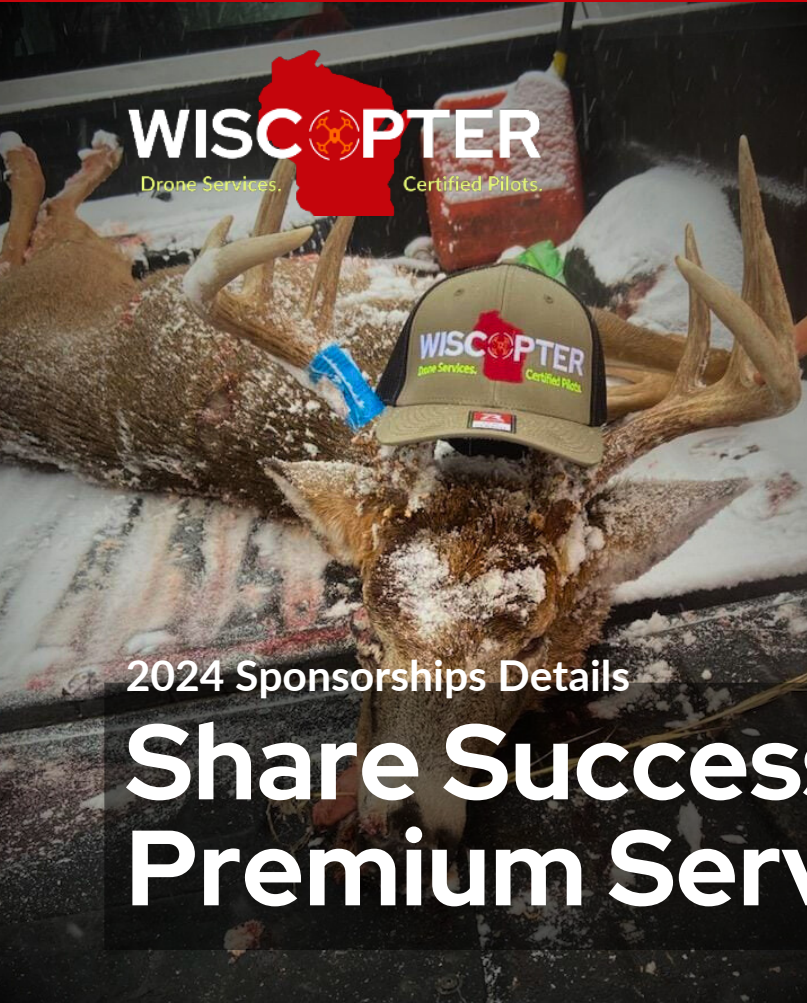

*By partnering with Wiscopter, you're not just gaining visibility for your brand; you're aligning with a cause that touches the heart of our community. You're supporting innovation, aiding in essential services, and becoming part of a network of local businesses committed to making a difference.*

*We're excited about the prospect of having you join us on this journey. Your consideration to support Wiscopter is immensely appreciated, and I look forward to the opportunity of partnering with your business. Together, we can continue to elevate our services and provide unparalleled support to those in need.*

*Thank you for considering a sponsorship with Wiscopter. Your support means the world to us and to the many lives we touch every day.*

Zac Griesbach

# Support Our No-Cost Services and Education

Options available until 31 March, 2024

## Your Local Drone Service Provider

Wiscopter's commitment extends beyond premium services, offering no-cost local pet & livestock recovery and emergency support, embodying our dedication to community welfare and technological innovation.

## How Your Funds Help

Despite our successful missions and community contributions, operational and maintenance costs stack up each season. Examples include:

- \$1,600 faulty controller
- \$1,400 faulty spotlight (2x)
- \$100 broken monitors (2x)
- \$900 in deductibles
- \$1,000 on search and rescue software

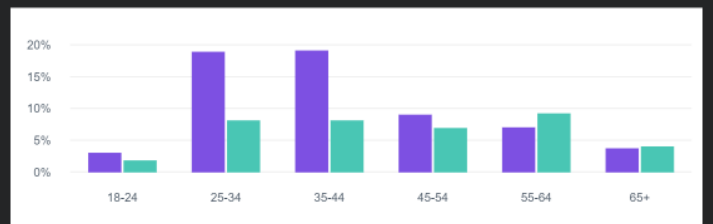

**2-5**  
Service Request Per Week

**100+**  
Donated Service Hours

Age and Gender

Men 61.30%  
Women 38.70%

Positioned towards the bottom of promotional materials, the logos are presented in a smaller size, offering foundational visibility and acknowledgment of your support.

Logos enjoy better placement in materials, with a medium size that balances prominence with tasteful branding, ensuring your logo stands out effectively.
